Why Every Government Contractor Needs mytenders.co.in

A complete business growth & capital protection platform built exclusively for Tender Contractors

₹ Lakhs	0%	30 Sec	100%
EMD RECOVERED FASTER	SECURITY DEPOSITS LOST	TO DRAFT A4 PRAYERS	LICENSE EXPIRY SAFETY

✔ 1. Fast EMD Refund Recovery (Stop Your Working Capital from Getting Blocked)

⚠ The Problem: When you bid on 10–20 tenders, lakhs of rupees stay stuck in government treasuries for months after evaluation. Contractors lose track of which EMDs are pending.

Your Benefit: The moment a tender decision is out and not in your favor, mytenders automatically flags your EMD and generates an official **EMD Refund Prayer Letter** addressed to the Executive Engineer/Pradhan with your Bank Details and Challan/FDR reference. **Get your hard-earned money back in your bank account weeks earlier.**

✔ 2. Security Deposit (SD) Release Clock (Never Lose 1%, 2%, 5%, 10% Deposits)

⚠ The Problem: Defect Liability Periods (DLP) last 6, 12, or 24 months. Across dozens of works, contractors forget when their SD maturity date arrives, leaving large sums unclaimed in government accounts.

Your Benefit: An automated liability countdown tracks every single scheme. When the maturity date arrives, you receive a direct notification and a ready-to-print **SD Release Prayer Letter**. **You will never forfeit or lose track of a single rupee of Security Deposit again.**

✔ 3. Instant 1-Click Official Prayer Letter Generator

⚠ The Problem: Drafting official letters to Govt Offices (Executive Engineers, BDOs, Pradhans) requires typing addresses, reference numbers, work names, and bank details manually — costing hours of repetitive effort.

Your Benefit: Generate perfectly formatted, professional A4 letters for **EMD Refund**, **Security Deposit Release**, **Running Account (RA) Bill Payment**, or **Work Order Acceptance** directly on your firm's official letterhead with continuous outward dispatch numbering (e.g. MSK/2026-27/001)

in just 1 click.

✔ 4. Statutory Document Vault & Expiry Countdown Timer

⚠ The Problem: Bids get rejected on technical bid opening if your Trade License, Labour License, or Enlistment Certificate expires even by a single day without your knowledge.

Your Benefit: Securely store your GST, Trade License, PAN, Labour License, and Class Certificates in your vault. The system gives you active 30-day, 15-day, and 7-day renewal warnings so your firm is **always 100% compliant and never technically disqualified.**

Business Advantages & Daily Convenience

How mytenders.co.in transforms your daily contracting operations

✔ 5. 1-PDF Dossier Booklet Compiler

Stop hunting for individual scanned documents during urgent tender filing. Click **Download All as 1 PDF** and get a single merged, high-quality document booklet containing all your valid statutory licenses ready to upload on any eTender portal.

✔ 6. Complete Financial Control of Running Bills

Track every running bill submitted against work orders: Gross Billed Amount, GST/IT/Cess deductions, Net Received Amount, and Pending Treasury Balance. Know your exact outstanding payments from every department at a glance.

✔ 7. Tender Host Departments Pre-Configured

No need to re-type government office designations and addresses. Pre-saved departments (PWD, PHE, I&WD, Zilla Parishad, Gram Panchayat) automatically set the right authority title (e.g. *The Executive Engineer* or *The Pradhan*) and proper salutations.

✔ 8. Bank IFSC Auto-Verification

Never worry about spelling mistakes in bank name or branch on refund prayers. Type your IFSC code and the system automatically verifies bank name and branch — guaranteeing fast, error-free RTGS/NEFT refunds.

Daily Reality: Without mytenders vs. With mytenders

✖ Working Without mytenders.co.in	✔ Working With mytenders.co.in
Lakhs of rupees in EMD sit forgotten in government departments for months.	**Instant EMD refund letters drafted and submitted immediately upon tender decision.**
Security Deposits (SD) forgotten 1–2 years after work completion.	**Automatic maturity countdown alerts you before expiry so you claim 100% of your funds.**
Hours wasted finding a computer operator to type official letters for each department.	**1-click generates ready-to-print official letters on your firm letterhead in 30 seconds.**
Bid disqualified because Trade License expired 3 days before submission.	**Advance countdown alerts ensure all statutory licenses are renewed well in advance.**

✖ Working Without mytenders.co.in	✔ Working With mytenders.co.in
Papers, bills, and challans scattered across loose files and folders.	**Complete contract history, running bills, and payments accessible anytime from mobile or PC.**

Join engineering contractors and suppliers across the region who manage tenders smarter, recover money faster, and work with zero stress.
